

Dear DuBois Village Family:

I can't believe July is over and it's the beginning of August already. We all know what that means... summer is coming to a close and it's back to school once again. Right now, I'm not allowed to mention the "S" word at home because my sixteen year old son doesn't want to be reminded that his summer break is almost over.

As I make the list of what I will need to purchase for my son's school year, I am reminded of all the children in our local communities who are unable to afford new things for the new school year. I can't imagine not being able to purchase a new back pack or new school supplies that are needed for the school year.

The good news is, together we can make a difference in the lives of children for this year just as we did for last year. Twenty-two filled back packs were donated to the DuBois School District prior to the start of the 2016-2017 school year. They were thrilled with our generosity and overwhelmed that we had recognized a problem that is more rampant than we knew.

WE NEED YOUR HELP to make the donations even larger for this year. Please help us "double" the donation from 22 to at least 44. You'll find a list of school supplies that we would like to put into each back pack. Monetary donations are as well. We will be more than happy to make the necessary purchases if you are willing to help fund the cause. And, you can also donate Wal Mart gift cards for the supply purchases.

Thanks for your time and generosity. Drop-off boxes are located at both DuBois Village entrances. Monetary & gift card donations can be given to the business office.
